Crossfield News Briefs

Gordon Fox who had been in the General Hospital following a serious car accident, is home again and feeling much better.

The C.G.I.T. are starting group meetings once more and it is hoped that all groups will be on schedule early in October.

Mrs. Hank McDonald is recuperating at her home after a major operation in the Holy Cross Hospital.

Mrs. Walter Stewart was a Calgary visitor during the week.

The church parlor was packed with guests at the shower given for Ada Jensen.

Miss Eleanor Borbridge was a visitor to Crossfield over the weekend and attended the shower for her friend, Miss Ada Jensen.

Mr. and Mrs. W. A. Hurt were midnight visitors to Calgary on Monday, for the purpose of meeting their daughter, Mrs. Helen Gross of White Salmon, U.S.A., who will visit her old home town for a while and also attend the wedding of her brother Gerald to Miss Ada Jensen, Sat., Oct. 4.

Betty Anne Northcote is visiting at the home of her aunt, Mrs. Garnet Onell whilst her mother is a patient in the Vulcan hospital.

Mr. and Mrs. L. B. Beddoes were Calgary visitors on Monday.

Mr. and Mrs. A. P. Jarosh of Calgary, together with Miss Frances Lennon and her mother attended the farewell for Father Tessier on Sunday.

Mr. and Mrs. Joe Cissel have a baby girl, born Friday, Sept. 26 in Holy Cross Hospital, Calgary.

Mrs. Annie Smith has been taken to the home of her grand-daughter, Mary in Calgary as she had been critically ill.

The Crossfield C.W.L., whose activities have been curtailed owing to Polio, held their first meeting of the season at the home of Mrs. Bert Bannister. A very good attendance helped to plan the Banquet for the Old Timers in November.

Mrs. Ross Hollister has been a visitor at the home of her sister, Mrs. Geo. Sefton. Mrs. Hollister is from Seattle.

Mr. and Mrs. Geo. Sefton attended the wedding of their niece, Anne Hollister at Calgary on Wednesday, Sept. 24.

Mrs. Virgie Laut was taken to University Hospital, Edmonton for Polio treatment. Mrs. Laut was a patient in the General Hospital until she was moved north on Tuesday, Sept. 23. It is hoped her treatment there will be both beneficial and a permanent cure and from reports she is in much better spirits.

Harvesting in the district is very general with good crops.

Clinics To Be Held

Mountain View Health Unit No. 7 will hold clinics at the following points in this district during October 1952.

Carstairs—United Church hall, Tuesday, 28th.

Cremona—Legion hall, Tuesday, 7th.

Crossfield—United Church hall, Thursday, 2nd.

Didsbury—Health Unit office, Thursday, 9th and 23rd.

Olde—Agricultural School, Friday, 10th and 24th.

Sundre—W.I. Library, Tuesday, 14th.

Water Valley—Community hall, Monday, 13th.

All clinics—2 to 4 p.m.

CANADIANS TRAIN IN GERMANY—Pte. G. A. Palmer, Saint John, N.B. of the Pioneer Platoon, holds a stake while L/Cpl. G. J. Leighton, Faust, Alta., Loyal Edmonton Regiment Company, 1st Canadian Infantry Battalion, drives it in with a hammer during wiring training at Sennelager Camp, Germany.—(National Defence Photo).

Good Harvest Weather Speeds Threshing, Combining In District

Last week this district experienced one of the best harvesting periods for a long time, and another two weeks of good weather will see completion of Alberta's bumper grain crop.

Church Celebrates Centennial Anniversary

LEVEL LAND — The Seventh Day Adventists of this district celebrated the Centennial Anniversary of Sabbath Schools on September 27 here. The Seventh Day Adventists the world over celebrated the day similarly.

Mr. Moores of Walla Walla, Washington, who has been a Sabbath School member for 68 years, was the oldest member present for the ceremony.

The members present who attended the first Sabbath School in this district 44 years ago were: Mr. and Mrs. A. A. Roth of Calgary, Mrs. Carolina Leiske of Lacombe, Mr. Adolf Dick, Dr. S. W. Leiske of Lodi, California, and Sam Leiske.

The program was in three divisions. The first was a song by 28 Primary children. Thirteen Juniors then recited memory verses and Roger and Dorothy Bechtold gave a recitation. The trumpet trio played "Prayer Perfect." A special collection was taken in the first meeting for restoring the conference office building and the church in the city of Frankfurt, Germany. This offering of \$356.66 was taken in all S.D.A. churches.

Dr. S. W. Leiske of Lodi, California, gave a very interesting lesson study. Pastor C. C. Voth of Calgary gave a short talk concerning the work. From a small beginning there are now over a million members.

A second meeting started at 11 a.m. Pastor Voth gave a short sermon and others taking part were Adam Roth of Calgary and Elmer Schaber. The girls' trio of

Wheat harvesting varies from 15 to 100 per cent cut or swathed in Central Alberta where the weather has been changeable. Five to 99 per cent of the wheat has been threshed. Some light damage resulted from frost in a few points. Others reported grain lodged by winds and heavy rains.

In the Peace River area harvesting is again in full swing. Wheat cutting is about 50 per cent completed, oats 75 per cent and barley 60 per cent. Threshing of wheat is about 10 per cent completed. Yields are good.

Harvesting in the Edmonton region now has been uninterrupted for a week.

Threshing will be general this week-end if good weather continues. Some increase in the tough grades is reported in this district. However, yields are above average.

Alberta's totals were: Cut—wheat 81 per cent, oats 82 and barley 88; (1951—wheat 37 per cent, oats 39 and barley 43); threshed—wheat 38 per cent, oats 38, and barley 51.

Carol Huether, Yvonne Stern and Marilyn Stern sang "The Beautiful Garden of Prayer." The trumpet trio played "The Lord Is My Shepherd." Another collection was taken for the work in Alberta.

Those taking part in the afternoon meeting were Mr. Larson of Nebraska, Mr. Moores of Walla Walla, Marvin Dick, Richard Huether and Pastor Voth. Miss Samu of Acme sang a solo and Mrs. Albert Huether and Mrs. Elizabeth Larson sang a duet.

In the evening a film was shown, "Again . . . Pioneers."

A lot of youngsters will start appreciating summer freedom very soon.

FALL FLOWERS MAKE ATTRACTIVE SETTING FOR BRIDAL SHOWER

CROSSFIELD — The United Church parlor was the setting for a very pretty bridal shower which was miscellaneous and open to all who wished to attend, and which honored Miss Ada Jensen, a former local bank teller, bride-elect of October 4th.

For the occasion, the church parlor was decked with gladioli, asters and sweet peas in hues that attractively blended with the mauve and white arrangement of ribboned streamers which converged to the honored chair. Ada was assisted by her two sisters, Edna and Joyce, in the opening of her gifts which were presented to her in a prettily decorated basket and wagon in same color scheme, and was drawn in by little Susan Campbell, who made a sweet picture in her pretty mauve frock. The wagon made countless trips with its precious cargo before the supply was exhausted, after which Ada suitably thanked all those who had honored her with the shower and for the many and beautiful gifts received.

At a lace covered table centered with gladioli and flanked with tall tapers, the mothers, Mesdames Hurt and Jensen, presided over the silver tea urns, whilst the conveners, assisted by a group of young girls, served the guests, which numbered over one hundred, to a very tempting lunch.

During the shower a very novel idea was put into action. A linen table cloth was passed to each guest for her signature. The bride-elect hopes at some future time to embroider the same and keep as a treasure to remind her of the lovely shower and kind friends. The hostesses for the evening were Miss Ada Bailey, Mesdames Casey, Campbell, Oriel, Christensen, McFadyen, Lilley, Landymore and Lightfoot.

Couple Married At 9 a.m. Ceremony

BEISEKER — On September 11 at 9 a.m. Helen Rose, daughter of Mrs. Edward Hagel of Beiseker became the bride of Donald Edward, son of Mr. and Mrs. W. Morrow of Drumheller. Rev. Father A. E. Tennant officiated.

Given in marriage by her eldest brother, Louis, the bride was lovely in a gown of slipper satin topped with a long sleeved chantilly lace redingote featuring a high Victorian collar, skirt front was styled with tiny nylon net ruffles. Her floor-length veil of silk illusion misted from a rhinestone and beaded tiara. She carried a satin-covered prayer book (a gift from the Ursuline Sisters) and a bouquet of American Beauty roses.

Doreen Hagel, cousin of the bride, was sole attendant. Her gown of pink had a strapless bodice topped with a long sleeved lace jacket styled with Peter-Pan collar and self-covered buttons. The full net-over-taffeta skirt featured a deep lace insert at the waist. Her matching chapel veil was held in place with a blossomed coronet. She carried pink carnations.

Brother-in-law of the groom, William Duzette of Drumheller, was best man.

The wedding music was supplied by Mrs. L. Brosteaux.

A small wedding breakfast was served for the bridal party and immediate family.

For a honeymoon trip to Banff, the bride donned a grey worsted suit with green accessories.

Father Tessier Given Farewell Party

CROSSFIELD—Sunday evening, Sept. 28 the congregation of Carstairs and Crossfield Catholic church gathered in the Memorial hall at Crossfield for a farewell party in honor of Father Tessier, who has been transferred to Brooks. After an excellent pot-luck supper, Mr. Bowlene, on behalf of Carstairs, presented Father Tessier with a purse, whilst Mr. Bert Bannister speaking for Crossfield voiced his regret at losing a Father who had made many improvements in the six years of fellowship and service, and in presenting him with a purse wished him well in his new parish. In a few well chosen words Father Tessier thanked his congregations and asked for the same co-operation for his successor, Father Hamilton of Oyen. The evening closed with service in the Crossfield church.

Former Old Timer Passes

CROSSFIELD—It is with regret that the death of another of Crossfield's Old Timers is reported. Many will remember Mrs. Alex Jessiman, who was the wife of one of the first blacksmiths and who for years lived in Crossfield till going to the coast.

Mrs. Jessiman had been in very bad health for over a year, and had spent almost all of her time in hospital after suffering a broken hip. She passed away in a Vancouver hospital on Sept. 23 at the age of 72 and is survived by two sons, Alex of Vancouver and Jack of Wainwright; one daughter, Mrs. Kellythorne of Vancouver; three sisters, one in Victoria and two in Winnipeg. Sympathy is extended to the bereaved family.

Save The Soil Drive Started At Mirror

The Mirror district, following the example set by Eckville, inaugurated a "Save the Soil" campaign and interest in the project is growing.

Twenty-two farmers have joined the campaign and Lacombe's district agriculturist, Lloyd Rasmussen, has already started scoring the farms of the entrants. The campaign promotes better cropping practices and is designed to encourage better use of farm lands.

The FUA local at Mirror is responsible for much of the work that has been done so far. President Henry Neis and Secretary G. J. Nelson have organized several successful meetings and a committee has been set up to handle the project.

A Man's World

In Syracuse, N.Y., after Deputy Sheriff Arthur Willis stopped a car for speeding and found its four women passengers naked from the waist up, the driver explained: "Well, men drive bare-chested, don't they?"

EDITORIALS

Fire Protection Week—

Oct. 5-11

In the rush to designate weeks to further the cause of some particular project, the really important ones may tend to be overlooked. By Royal Proclamation at Ottawa, October 5th to 11th has been designated "Fire Protection Week."

It is alarming to learn from the Proclamation that in the last ten years 534,777 fires in Canada have destroyed property valued at \$542 million. In that time 4,087 persons have lost their lives and it is estimated that at least 15,000 others have been seriously injured as a result of fire.

What the Proclamation cannot show, of course, is the number of lives that could have been saved; the value of property that could have been protected; if a systematic inspection had been made beforehand of all conditions likely to cause or promote the spread of fire.

Apart from the obvious inspection of public buildings; fire drill in schools, factories and offices; education in fire protection in schools, to Boy Scout groups and the like; every householder can be a voluntary fire warden by checking his own home for fire hazards.

An obvious place to start is in the basement with the furnace pipes — a frequent cause of fire. And the average basement is cluttered with inflammable material that serves little purpose except to add fuel to a potential fire. It's best out on the city or town dump.

Faulty electric switches are best replaced, they're worn out anyway and can be a fire hazard. An open fireplace without a guard — particularly with children around — is an unnecessary risk. A faulty chimney can bring fire-producing sparks. The modern home is full of labor-saving devices and comforts which in good condition are harmless, but worn out or faulty, can spell disaster through fire.

Yes, "Fire Protection Week" is one week that should be taken seriously. A couple of hours spent by every householder in checking possible hazards would be amply repaid by a reduction in fire losses in Canada. And fire protection brings ease of mind.

Grain Handlers' Power

Power of 1400 grain handlers to thwart and impede the work of two million farmers and others interested in the production of grain was made clear when employees of grain companies at Port Arthur and Fort William threatened to go on strike early in September.

Fortunately, the strike was averted, when the handlers' demands were partially satisfied. The Union demands included a reduction in the work week from 48 to 40 hours and an increase in wages of 40c per hour. This would considerably boost the previous scales of \$228.00 to \$300.00 per month.

With the west's greatest crop in process of being delivered, the strike of 1400 grain handlers COULD have tied up the delivery and marketing most effectively.

Correcting The Flax Myth

Many people seem to be of the opinion that flax is hard on the land. Such, however, does not appear to be the case, according to results of experiments over the past 60 years at the agricultural experimental station at Fargo, North Dakota.

A plot of land there, which has grown flax continuously without the aid of fertilizer since 1890, last year produced an average of 20 bushels per acre. A report from the station in 1898 showed the average yield to be 12.3 bushels per acre.

Tests made on the straw and chaff as well as the grain showed that producing a good average crop of flax removed less nitrogen, phosphorus and potassium from the soil than did wheat, oats or barley.

Eisenhower on Social Security

One of the most vital of social security measures is that affecting the health of the individual. In the United States, as in Canada, many people feel that with socialized medicine the fear of sickness, with large hospital and doctor bills would forever be banished from the lives of people who cannot afford, under the present system, to be sick.

Now comes General Eisenhower, who from his boyhood days never had to dig into his own pocket for as much as an aspirin tablet or a toothbrush, with the astounding assertion that he is opposed to socialized medicine. At \$18,000 per year pension as a retired general of the U.S. Army it is easy for Mr. Eisenhower, Republican candidate for the presidency of the United States, to tell poor workmen and others they should stand on their own two feet when it comes to doctor bills, hospital expenses and the high costs for medicines with which some unfortunates are faced.

This reminds us of a judge of the Supreme Court of Canada telling a class of university graduates to work for, not materialistic things in life, but to strive for the higher ambitions of the spirit. If a hard-working priest or minister, getting \$1,800 per year, tells us that, we are willing to listen with a mark of respect.

But when a justice, appointed for life to the Bench at \$25,000 per year tells us not to worry about making money, we blink our eyes and swallow hard.

Dollar Up; Wheat Down

Canadian money is now rated as the most valuable in the world. This may be a source of pride to the people of this country, but it does not work out so well for primary producers dependent to a large extent on export markets. The premium position of the Canadian dollar brings down the price of exports.

In the case of wheat, the International Wheat Agreement provides for a ceiling price of \$1.80, but that price was based on the value of Canadian money in March, 1949. Canadian money now is more valuable than it was then in the opinion of the world, and so the ceiling price has declined accordingly. The average price for 1 northern wheat at Fort William during the month of July was \$1.74½ a bushel or 5½ cents below the \$1.80 ceiling. As wheat agreement prices are the standard for domestic prices, there was a similar decline for wheat sold for Canadian consumption.

Full Speed Ahead

With threat of a grain handlers strike over for the time being, and most of the seasonal hazards a thing of the past for this year, it is "full speed ahead" for the Western grain crop.

The federal bureau of statistics now estimates Canada's 1952 wheat crop at 675 million bushels. This compares with the previous highest estimate of 665 million bushels. The previous highest Canadian wheat crop was 567 million bushels in 1928.

With all the modern harvesting machinery of 1952 one wonders how the farmers of 1928 managed to harvest so much grain with the comparatively old-fashioned machinery of 24 years ago. It has taken nearly a quarter of a century to beat that 1928 record!

Let's hope and pray that good harvest weather, with warm, dry days and cool dry nights prevails in Alberta until the crop is harvested. Let's hope, too, that marketing of the grain is facilitated to move the crop to the hungry markets of the world.

Note and Comment

Prejudice is a great time-saver. It enables one to form opinions without bothering to get the facts.

The Bible Today

I will instruct thee and teach thee in the way which thou shalt go; I will guide thee with mine eye.—Psalm XXXII, 8.

NOTHING BUT THE TRUTH by Russ Arnold

Voice of the People

LETTER OF APPRECIATION

Pardon us for the delay, but both Mrs. Weadick and I wish to sincerely thank you for the nice mention you made of us in your paper and the many other courtesies we received from all hands during our Edmonton visit. We both trust that your paper will continue to thrive and prosper.

GUY WEADICK.

3401 East Thomas Road, Phoenix, Arizona.

RUGGED INDIVIDUALIST

Lately I read a letter lamenting that social security didn't exist because there was a long time to wait between baby bonus and old age pension. I wonder what has gone wrong with people. Don't we know that the more social security we have the more taxes we pay. Money has to come from some place in order to pay the Old Age Pension, Family Allowance and other benefits. Here is one reader that would like to see more determination on the part of the individual to make their own way in life. We live in a wonderful country of opportunity, let's stop wondering how much more we can get out of the Government, and get down to business and save for our own security. Our fathers built this country, and they wouldn't take a dollar unless they earned it.

HARD WORKER.

VS. BOOZE BUSINESS

In September 11 issue Mr. Pue discusses liquor advertising in Alberta papers.

I am opposed to it on these grounds. Drinking is the cause of untold misery. To it can be charged most of the moral disintegration of youth. Diabolically clever liquor advertising often starts one youth in so-called "harmless" social drinking, which all too often develops into chronic drinking.

Mr. Pue makes a good point re periodicals from outside the Province entering our homes with their liquor advertising. Well! at least we can give preference to non-advertising periodicals.

It may seem inconsistent for the Alberta Government to sell liquor while banning advertising—but it seems the only course open to them. I have never voted Social Credit but in fairness to them I

feel they are doing the best they can about booze, short of nationalizing it (which I favor) but which the public has never given them a mandate to do. It seems that some people will have it anyway, so let the Government make some money out of it with which to try and repair a little of the damage it causes, and to educate by advertising against liquor.

But let us not allow Brewers' advertising which always makes it appear smart and attractive rather than sordid and enslaving.

ERNEST W. DAVIES.

R.R. 1, South Edmonton.

OPEN CHURCH AT BOYLE

Replying to William Sullivan on his question of daily baptisms and the services of the Church. Yes, the church at Boyle and throughout the Boyle and Lac la Biche Missions are always open and can be used for private devotions or any public or private service, also the clergy are always glad to be of service at any time. I think that if the average person used the House of God more often it would have a tendency to curb moral delinquency and bring people and especially parents, to a right understanding, as to what is meant by serving God and mammon.

It becomes a personal matter between God and man, and man must work out his own salvation and even this is not a public affair. (When ye pray, pray in secret and your Father who is in Heaven will grant you your heart's desires.)

So, come to church and spend a few minutes with God each day, in the beauty, the peace and the knowledge of having been with God.

HENRY G. HARPER.

St. Paul's Church, Boyle, Alberta.

HEART CHAMPION

A word in defence of that much maligned little hero the human heart. Contrary to medical science there is no such thing as heart failure, instead there is a limit to the amount of abuse a heart can take. It is my fervent hope that the bureau of vital statistics will take cognizance of this fact and in future accept heart failure only as an effect not a cause.

"It's when he lies on the other side that the nickels roll out."

THE LIGHTER SIDE

Ready for the Worst

Dorothy—"How long is it to my birthday?"
Mother—"Not very long, dear."
Dorothy—"Well, is it time for me to begin to be a good girl?"

Think Again, Ma'am

Friend—Say, there's a bunch of people outside to see you. Among them is a bishop who says he married you sometime ago.

Film Actress—Gee, I'm practically certain I never married a bishop.

Hospitality First

And then there is the well known but shy actor, who dropped into a Broadway restaurant very early in the morning, or very late the other night, any way you want to put it.

He sat at a table and waited—and waited. Three waiters, at a table in the rear, were earnestly playing pinochle. Finally, after long minutes, the proprietor sauntered through and caught the situation at a glance.

"That's how it is!" he roared. "I got three waiters and they can't even wait on one lousy customer."

Art or Utility?

A CWA artist was commissioned to paint murals in the reptile house at the Natural zoo.

He turned to admire his work and discovered an energetic lizard climbing up a tree trunk neatly painted on the side of his cage.

"Come—look!" shouted the artist to Dr. William M. Mann, the zoo director. "How's that for art? Even fools the lizard."

Nice Lad

A lady was entertaining the small son of her married friend.

"Are you quite sure you can cut your meat, Willy?" she asked, after watching him for a moment.

"Oh, yessum," he replied without looking up. "We often have it as tough as this at home."

U.S. Swine and Swine Products Prohibited

OTTAWA—Effective immediately all import into Canada from the United States of swine, uncooked pork, pork products, pork offal and garbage is prohibited under authority of the Animal Contagious Diseases Act. It was announced by Dr. T. Childs, veterinary director general of the federal department of agriculture.

This action was taken because of the prevalence in the United States of 'vesicular exanthema' a highly infectious disease of swine, which if introduced into Canada could cause serious damage to the Canadian swine industry.

Vesicular exanthema closely resembles foot and mouth disease, but it is entirely confined to swine, whereas foot and mouth disease affects cattle and sheep in addition to swine.

What's in the Name? STAVELY

The town of Stavely was named after Alexander Stavely Hill, QC, MP, Judge Advocate of the Fleet, who organized the Oxley Ranch in 1882, naming it after his residence, Oxley Manor, Wolverhampton. He visited the district in 1881-2-3-4, and is the author of "From Home to Home" which he wrote in 1884. He died in 1905.

The population of Stavely in 1946 was 299. The town is some 71 miles south of Calgary situated in a ranching and farming area.

For a word picture, Stavely is comprised of one drug store, three general stores, five garages and service stations, one bank, two barbers, one hotel, two hardware stores, one lumber yard; one meat market, four restaurants, one theatre, and other business places.

TURNER VALLEY

With a population of around 1,157 people the town of Turner Valley, some 38.2 miles from Calgary via Midnapore, was named after Robert and James Turner, who homesteaded in the north end of the valley in 1886. Both Turners were well-known horse and cattle breeders.

The prominent types of occupations carried on within the region are oil well production and grain farming.

Proposed Construction Pipe Line Through M.D. Strathcona Approved

SOUTH EDMONTON — A special committee made up of Councillors Schiewe and Adamson gave approval to a proposed route for an oil pipeline to be constructed by Canadian Bechtel Company. At the September meeting of Council Messrs. McCampbell and Boyle, accompanied by Mr. L. D. Hyndman, solicitor for Canadian Bechtel Company, had attended to obtain Council's approval to the construction of the Transmountain pipeline over road allowances under the jurisdiction of the Council.

They submitted a plan showing the proposed route of the line together with depth of cover to be placed over the pipe when it crossed road allowances. After considering the matter it was agreed that Councillors Schiewe and Adamson be a committee appointed to meet representatives of the company in the municipal offices on the following day, when they would personally examine the route and contour of the land wherever the pipeline was to pass. The committee were also empowered to give authority for the line's construction if satisfactory arrangements could be made regarding any damages that may arise from the construction and operation of the line.

TWO-DAY MEETING

The Council of the Municipal District of Strathcona No. 83 held its September meeting on Monday, September 8, and Monday, September 15, with all Councillors in attendance. Business commenced at 10 a.m. on September 8 when the minutes of the previous meeting were considered and adopted. The financial and crew statements for the month of August, 1952, were also submitted, perused and ordered filed.

The Reeve and the assessor reported on their investigation as to what compensation should be asked by the Council for the area contained in wellsites, battery sites, road and flow line allowances operated by Western Leaseholds Limited in the N $\frac{1}{2}$ 15-56-21-W4. The committee reported that after making an examination of some 40 wells in the Simmons area they had found that an average compensation of \$1,100 was paid for each wellsite and an average of \$120 for every acre used by the company in the above described sites, and suggested that these be used as the basis for compensation. After fully considering the report submitted by the committee, the Secretary was instructed to advise Western Leaseholds Limited without prejudice of the committee's recommendations in this respect.

CITY WATER AGREEMENT

The Council spent some considerable time considering the terms and clauses of a new agreement with the City of Edmonton for an additional water supply. City representatives had agreed in conversation with the Reeve that they would be able to increase the water supply to three million gallons a day subject to the understanding that the terms of their agreement would be reviewed before 1956.

The Council also entertained a large delegation from the subdivision of Terrace Heights regarding distribution of water in part of that subdivision. At the meeting held on September 15 the matter was further discussed in the light of additional information that was obtained when a meeting of residents of Terrace Heights was held in the school house on the evening of September 12. Councillor Adamson reported on the opinions expressed at the residents' meeting, which was also attended by the Secretary, the Assistant Secretary and the District's engineer, Mr. N. A. Lawrence. While the Council were very sympathetic to the installation of water in Terrace Heights as soon as it was convenient, on account of materials and construction labor there was some

doubt in the minds of the Council that it could be accomplished before freeze-up.

COMPLAINTS ON ROADS

Mrs. Gallas, joint owner of the SW 20-53-21-W4, attended to complain about the condition of the road leading to her farm. She intimated that her husband had done considerable gratis work in the form of brushing, but there were some rather bad holes which she felt should be repaired, together with the installation of the necessary culverts. Councillor Parker, in whose division the land is situated, pointed out that this road was little used, and that as she was not a permanent resident but lived in the city and came out to the farm only occasionally, he could not see his way clear to do anything to the road this year.

Mrs. Mary Berube, NW 1-52-25-W4, attended to remind Councillor Schiewe that he had promised to grade her road and put in two culverts in order to prevent flooding conditions in the spring. Councillor Schiewe assured her that this work was on his program and would be completed before freeze-up.

An order was given to representatives of Armco Drainage and Metal Products Ltd. and Ferguson Supply Ltd. for some ten thousand dollars worth of steel culverts, to be delivered before next spring.

The Council passed a resolution recommending that T. Hodgson, Lamont, be granted a permit to operate a service station and tobacco and confectionery store on the SE 26-56-21-W4.

Mr. J. Halas, Uncas, was in attendance to further his claim for damages to the basement wall of his new home allegedly done by a member of the road crew when he was engaged by Mr. Halas to backfill the dirt around his house with a tractor and dozer. Mr. Halas was advised that this man had been engaged entirely at Mr. Halas' risk, and that the workman had received no sanction from the council to do this work. In view of this the council declined to assume responsibility.

A discussion was held on the service road which the Interim Development Board had requested to a building site of five acres owned by Don Miller in the NW 22-52-23-W4. This matter had been discussed at the last meeting and left in abeyance pending further information from the secretary. Commenting on this request the reeve pointed out that he now understood that there was no objection on the part of Northwestern Utilities Limited to the establishment of a private entrance crossing their right of way to building sites on the Wye road. After considerable discussion a resolution was passed whereby the council will recommend that resolutions passed by

the Interim Development Board which require the establishment of service roads be reconsidered at the next meeting of the Board with the recommendation that these resolutions be rescinded.

McBeth Agencies Limited advised that their company were reluctant to renew the insurance on vehicles owned by the Municipal District and operated by municipal employees on account of too many damage claims. Copies of this letter were ordered sent to all members of the road crew. It was also agreed that the reeve should discuss the matter with the road foreman in order to prevent repetitions of these accidents.

A letter was read from W. J. Legate concerning the non-installation of a culvert on the road near his farm. He alleged that ten acres of his land were flooded on account of improper drainage. The matter was referred to Councillor Parker for his attention.

A similar request was received from Mr. August Seidlitz, NW 35-51-22-W4. He complained that the road adjacent to his farm had recently been rebuilt through a slough, and that the water had backed up so far that the culvert was higher than the land itself. Councillor Adamson, in whose division the land is situated, advised that it was impossible to drain this slough as it was the natural condition of the land in that area.

An invitation was received from the Strathcona Branch No. 159 of the Canadian Legion to the council to purchase colors for the branch in readiness for the opening of their Memorial Hall by the Right Honorable Vincent Massey, Governor General of Canada, on October 25, 1952, at 2:30 p.m.

The council unanimously agreed to accept the invitation, and the secretary was authorized to advise the Strathcona Branch that the council would be pleased on behalf of the ratepayers of the Municipal District to accept the invitation to purchase colors for this branch.

The application of the Redwater Water Disposal Company re an easement for a pipeline in the N $\frac{1}{2}$ 16-56-21-W4 was held in abeyance, pending receipt of a plan showing the route of the proposed line.

A letter was read from H. Magee, Fort Saskatchewan, regarding the condition of the road leading to his farm. He inquired if there was any chance of this road being graded as it was impossible to travel over it every spring. It being under water for almost a month at that time of the year. The reeve, in whose division the road is situated, pointed out that while the road should be built Mr. Magee was the only person travelling over it, and he felt that his labor appropriation could be put to better use in other parts of his division. He stated that sooner or later he would be able to get around to that particular piece of road.

Authority was given Northwestern Utilities Limited to construct a gas line from 105 St. along the north side of 45 Ave. east to Highway No. 2, provided the minimum cover over the pipeline is four feet.

A letter was received from Building Products on behalf of that company and other companies in the industrial area with reference to the question of a bus service by the municipality on Highway 16.

It was arranged to call a meeting with representatives of the companies at the most convenient time.

Authority was given the Canadian Chemical Company to install a pipeline in the area contained in the cut-off area west and north of the west and northerly boundary of the road diversion surveyed in the W $\frac{1}{2}$ 8-53-23-W4.

Councillor Adamson advised Imperial Oil Limited had agreed to make good the damage done to sections of his roads, which was caused by moving a heavy oil rig over the road when it was not fit for such heavy loads.

The Assistant Secretary reported that three children, former residents of the Municipal District, had been made wards of the provincial government chargeable to the municipality.

The application of the Josephburg Athletic Grounds Committee for a grant to assist them maintaining the grounds was considered. Before making a decision the Secretary was asked to prepare a statement showing what monies had been paid to the Committee since its inception some years ago.

The council briefly discussed the acquiring or leasing of lands for the Bremner Recreation Ground, which was necessitated by the fact that the new government highway now being constructed between Highways 15 and 16 had taken quite an area off the grounds. The secretary advised the council that a lease had been entered into many years ago with the then owner of this property, but he was not sure if it was a continuings lease, binding upon his heirs, successors and assigns. The secretary was asked to locate the old lease in readiness for the next meeting.

Bylaw No. 203 was passed to provide for the sale of Lots 22 and 23, Block 14, King Edward Addition, to John Yakel.

After the passing of paysheets and accounts the meeting adjourned.

Soucy, Poupert To Stand Trial Oct. 1

For the shooting and wounding of Rudolph Rufer, Gainford, and attempted robbery on June 30, Paul Soucy, 23 and Robert Poupert, 18, will stand trial on Oct. 1. The men appeared before Mr. Justice Egbert in Supreme Court in Edmonton on Monday and each pleaded not guilty and asked for jury trial.

Soucy and Poupert had held up and robbed Paul Klappert of Gainford of ten dollars and then attempted to hold up Rufer's garage but when Rufer resisted the men, he was shot in the neck. The men escaped the police and were on the loose for about a week before finally being taken captive.

Rufer, who is partially paralyzed due to the neck wound, was unable to give evidence at the preliminary hearing in police court in July.

Motorbike Rider Killed By Truck

EDMONTON—Fred Bauder, 33, of Edmonton was instantly killed Friday night when his motorcycle collided with a tank truck in the city. He was Edmonton's seventh traffic fatality of 1952.

This Agriculture

By G. W. ROBERTSON

The District Agriculturist, S. W. Pettem, has released the information that two calf clubs will operate in Starland this year. In the Delia, Michichi and Gartley district the leader is Murray Johnson of Michichi, and in Rumsey, Rowley, Morrin area the leader is Abe Schrok of Rowley. Any young people twelve years of age or older who are interested in this type of work should make contact with the appropriate leader.

The men who have agreed to look after their respective townships for calfood vaccination are listed as follows:

- 33-21—R. Moore, Rumsey.
- 33-20—C. Clausen, Rumsey.
- 33-19—H. Walters, Delia.
- 33-18—G. Beaton, Delia.
- 33-17—C. Cammidge, Delia.
- 32-21—R. Hodson, Rowley.
- 32-20—B. Lamb, Rowley.
- 32-19—R. Thomson, Rowley.
- 32-18—G. Carson, Delia.
- 32-17—F. Herman, Delia.
- 31-21—G. Storch, Morrin.
- 31-20—W. De Mille, Morrin.
- 31-19—A. Holliday, Morrin.
- 31-18—R. Stevenson, Delia.
- 31-17—J. McCulley, Delia.
- 30-20—R. Coad, Munson.
- 30-19—E. Howard, Munson.
- 30-18—E. King, Michichi.
- 30-17—F. Courtenay, Delia.
- 29-20—L. Murray, Drumheller.
- 29-19 and 28-19—W. Milligan, Drumheller.
- 29-18—R. Pearson, Michichi.
- 29-17—F. Courtenay, Delia.

We Are, Too

We are willing to let bygones be bygones and wouldn't care much how the youth of today got rid of the dead languages, if they only wouldn't murder the one we have now.—Boston Herald.

Many a candidate loses his faith in human nature when the votes are counted.

HERE'S HEALTH

Children playing on the street
With many accidents may meet.
Fenced-in playgrounds save a lot
Of injury to the tiny tot.

UNCONSCIOUS FOR 15 DAYS, ACCIDENT VICTIM DIES

EDMONTON—Unconscious for fifteen days, Harold Mac's Jensen, formerly of Patricia district, died in the Royal Alex Hospital at 5:30 p.m. Friday, Sept. 5, from injuries received Aug. 21 in a three car collision near Morinville. He had not regained consciousness since the accident, and was the third person to die from injuries received in the crash. Five others were injured in the same crash, but are reported convalescing satisfactorily.

Harold was the youngest son

of Mr. and Mrs. Mads Jensen, old-time farmers of Patricia. The family home has been kept by the family though the parents are now deceased. There are also two brothers surviving, Alfred and Harvey.

Funeral services were held Tuesday, Sept. 9, at 3:30 p.m., at Howard and McBride's Funeral Home. Rev. Ian J. Kemlo officiated, with interment in the Edmonton Cemetery.

All In the Family

In Houston, after her husband shot at her two-month old kitten and had to be routed from their apartment by police with tear gas, Mrs. Robert Ernest Chandler explained: "He was just drunk—he really loves that kitten."

Will Trade Anything

LETTERS TO LOUISA

Dear Louisa:

My husband and I have always
got along together nicely. He work-
ed and I kept the house. When he
came home in the evening I al-
ways had a nice dinner for him
and in the morning a good break-
fast before he went to work. My
housework and marketing took
several hours of the day but it
left me with time to do what I
wished or rest. After dinner if
we wished to go out, I stacked
my dishes and did them after I
got in or the next morning. I did
not ask my husband to help as
I felt that my work was no harder
than his.

But now I have a problem. Sev-
eral months ago we decided to buy
a home and we could not do this
unless I went back to work. I
got my old job as a stenographer
but now I have to leave home early
in the morning and I get home
the same time my husband does.

Notwithstanding the fact that we
both have outside work, he still
thinks that I should do all of the
housework. I rush around getting
breakfast while he reads the morn-
ing paper and when I get home,
he expects me to get dinner while
he looks at television, and then
he has the nerve to say that the
meals do not taste as good as they
used to. He also complains that
I don't like to go out in the eve-
nings like we did before.

What can I do? If I keep on
like this, I'll be a nervous wreck.
LOUISE B.

Answer:

Before you went back to work
you should have talked the mat-
ter over with your husband and
had him agree to help with the
housework if you took an outside
job.

Housework was considered wo-
man's work in the days when very
few women did anything else and
the man provided the money to
pay the bills. But when a wo-
man has to take on an addition-
al job to help pay expenses, the
present-day husband realizes that
she is helping him do his job and
the only fair plan is for him to
help her with hers.

I know one man of a working
couple who vacuums the house and
keeps the bathrooms as his regu-

lar job. He also lends a hand
with the dishes if they are going
out in the evening and will start
the dinner if he gets home first.

Try to make your husband un-
derstand that you are helping him
with his job and, in all fairness
to you, he should help you with
yours.

LOUISA.

M.D. Secretary To Resign Soon

ONOWAY—R. A. Gibson, secre-
tary-treasurer of the Municipal
District of Lac Ste Anne plans on
retiring soon and his notice of
resignation may be given to the
council at any time. This was re-
ported from a reliable source fol-
lowing the August meeting of the
council.

It is understood that Mr. Gib-
son offered to give the council
adequate notice to enable them to
make the necessary addition and
changes in the office staff.

Beautiful Baby

THIS HAPPY little fellow is
Brian David, 11-month-old son of

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every
item published on "The Most Embar-
rassing Moment of My Life." To qualify,
items must be true, personal incidents
Address "Embarrassing Moments", P.O.
Box 4866, South Edmonton.

One day while walking very
quickly on a busy Edmonton
street, I bumped very hard, face to
face with a stranger. "Oh! I'm
so sorry," was my apology. Was I
embarrassed when he looked at me
and replied, "Sorry, I thought it
was a truck." R.P.H.

Ranfurly, Alta.

Our little dog, after rolling all
over in the dirt, insisted on com-
ing in the house, so I locked him
in the porch. I was in the living
room when I heard the door open.
Angrily I shouted, "Don't let that
little stinker in." Looking up I
couldn't believe my eyes, for there
stood my boy friend. I had some ex-
plaining to do and "was I ever em-
barrassed."

Abee.

NEW PADRE — Flight Lieutenant Rev. M. Galbraith of Rockyford, Alta. (right) is invested with the Chaplain's Scarf by Group Captain R. M. Frayne, (centre) Director of Religious Administration (Protestant) at Air Force Headquarters, during a brief but impressive induction service held in the Station Chapel at RCAF Station, Trenton, Ontario. On the left, Squadron Leader E. Light, Assistant to the Director of Religious Administration, holds the specially inscribed Divine Service Book for the Armed Forces which was also presented to F/L Galbraith. F/L Galbraith has had considerable previous Air Force experience, as he served as a Physical Training and Drill Instructor from 1941 to 1945, attaining the rank of Flight Lieutenant before retiring. F/L Galbraith is a happily married man with five children. His wife is the former Jean Spice of Yorkton, Saskatchewan. —(National Defence Photo).

ROCKYFORD PASTOR RECEIVES CHAPLAIN'S SCARF IN RCAF

TRENTON, Ont. — In a simple and yet impressively sincere induction service, held in the chapel of this RCAF Station, two United Church ministers, F/L Rev. M. Galbraith of Rockyford, Alta., and F/L Rev. J. H. McAvary of Brockville, Ont., were today received into the chaplaincy service of the Royal Canadian Air Force.

The little chapel bright in a flood of golden loveliness from the clear September sun, seemed most appropriately dedicated to the occasion, as the choir opened the service with the singing of the invocation.

From across the distant aerodrome and high in the open sky could be heard the steady drone of aircraft, weaving their endless pattern into a free nations plan for universal peace.

Perhaps, as this outward sound of activity reached into the chapel, the two chaplains recalled momentarily other days and other occasions when both had worn the

uniform of the RCAF under conditions of war. Now under conditions of peace, they returned to that service, not as warriors but as followers and messengers of the Great Prince of Peace.

The scripture reading was conducted by F/L the Rev. E. Light, of Ottawa and the induction read by Wing Commander the Rev. J. Dunn of Montreal. Group Captain the Rev. R. M. Frayne, director of religious administration (Protestant) conducted the investiture.

The service was attended by Air Commodore W. W. Brown, CD, Acting Air Officer Commanding.

Land Title Case

Postponed Until Jan.

EDMONTON — An Alberta farmer's right to \$1,000,000 in mineral rights was postponed until January at the Appellate Division court, which opened in Edmonton Monday.

The case, expected to have far-reaching effects on land titles in the province, involves an appeal by the Canadian Pacific Railway and Imperial Oil Limited against an Alberta Supreme Court judgment, which awarded Anton Turta of the Leduc district the mineral petroleum rights on his land.

According to evidence given to the Supreme Court last Spring, the case hinges on a mistake by the Alberta land titles office in 1908, when the registrar added the words "and petroleum" and when the CPR took over a quarter section of land for development. The original title had only reserved to the CPR all coal found on the land, and the Supreme Court ruled the correction made by the registrar was not valid.

Court officials say the case is important as if the Supreme Court decision is reversed and registrars have the right to make correction in land transfer titles. Alberta's Torrens system of land titles will be nullified. Under the system when a piece of land is purchased, the purchaser owns everything not reserved in the existing title.

The case is expected to go to the Supreme Court of Canada before a final decision is reached.

All things I thought I knew; but now confess
The more I know I know, I know the less. —Owen.

Training Command, and Group Captain J. B. Millward DFC, Commanding Officer, RCAF Station Trenton, as well as a number of members of the congregation and friends from the town of Trenton. Corporal Gordon Findley was the organist.

During the war both of the chaplains saw service in Canada and overseas.

F/L the Rev. M. Galbraith, serving from 1941 to 1945 in the Physical Training and Drill instruction branch, while F/L the Rev. J. H. McAvary served in Alcrewmens from 1942 until the cessation of hostilities. F/L Galbraith has since served charges in Manitoba and Alberta with the United Church. He is married, Mrs. Galbraith being the former Jean Spice of Yorkton, Sask. They have five children.

F/L McAvary has served charges, since ordination in both Ontario and Manitoba. Mrs. McAvary is the former Jacqueline Burns of Brockville, Ontario, they have three daughters.

\$1 for Favorite RECIPE

SPANISH RICE

1½ lbs. hamburger or left over cooked meat, chopped
½ cup rice
1 small onion
½ cup grated cheese
1 can tomato soup
Salt and pepper to taste.

Cook rice in boiling salted water for 10 minutes. Place in colander and let cold water run through. Add to meat cheese, soup (or tomatoes) onions and seasoning. Bake in a moderate oven until golden brown.

Mrs. J. Ennis of Spruce Grove, is the recipient of \$1.00 cheque for this Favorite Recipe. Address entries to Favorite Recipe Editor, P.O. Box 4368, South Edmonton.

Wages Of Sin

In Liberty, Ky., the Casey County News advertised: "To the person who is so destitute as to be forced to take two-lengths of garden hose and a sprinkler from the lawn of the First Christian Church—If you will call at the pastor's study, he will give you the five-year guarantee for the hose, your dinner, and any religion that may rub off on you."
